The 1790s clearing of the cedar and mahogany from along the banks of the river altered the rate of run-off and caused frequent flooding of the system, resulting in changes to the river's course and the deposition of various alluvial terraces and banks along the river's edge.

Art & Craft 2022: Cash & Carry

- ◆ Fifty nine visitors attended our Saturday/Sunday Art & Craft Mini Fair;
- ◆ Twelve participants were involved;
- ◆ Four paintings sold;
- ◆ Twenty five craft items found new owners.

Deidre Morrison's Craft Corner

Unfortunately, this year we did not have the diversity of crafts as in 2020. At our previous C&C, ceramics proved to be one of the most popular selling items. This year the craft was unrepresented.

On the plus side, the model of Cash & Carry definitely made the pull-down & pack-up far easier - and less stressful— as the requirement to deal with both buyers & artists collecting their work during the same limited time frame was avoided.
